

## Will Self Driving Cars Ruin The World & End Human Life?

Transportation industry - TRUCK DRIVERS employs 3.5 million people in US alone

That's estimated to be 70 MILLION jobs around the World...

When asked - transportation companies account that 33% of their expenses go directly to employee salaries related to humans driving machinery.

Nearly 3% of all US workers are DRIVERS of some sort

2% - truck drivers

.4% - Bus drivers

.3% - cabbies

According to 2014 Census data - over 4.4 Million Americans aged 16 or more are drivers.

### **THIS IS HAPPENING - Driverless Taxis are already on the road:**

Waymo - 600 cars, 10 million miles on public roads and 25 cities

Estimated investment of \$1 Billion
